

Members of the First Responder Alliance came together to enjoy a warm day at the beach! New registrants and families that have been involved for years, joined us for great food, time on the beach, team games, fun music and time together as a community. One of the guest said "Thanks to all of you for the great beach day yesterday. Having a 15 year old smile all day and participate while hanging out with her parents says a great deal about the atmosphere she was in." The second annual Sandy Hook Beach Day happened on July 21st at the Sea Gull's Nest Restaurant at Sandy Hook. We always appreciate the kindness of our hosts, Scott, Tina and Ed Segall, who have partnered with Tuesday's Children for almost a decade!
